14

00:01:05.130 --> 00:01:06.990

famisflorida@gmail.com: This is serious business, ladies and gentlemen.

15

00:01:08.940 --> 00:01:18.660

famisflorida@gmail.com: Alright, so I got a few disclaimers we got to cover number one they're a bunch of bills that came through this year if y'all been following it all tons of education bills.

16

00:01:19.170 --> 00:01:31.740

famisflorida@gmail.com: All of them have yet to be signed so we're still trying to figure out stuff some at since this was approved because katie made us have to turn it in early, so it was approved before I left.

17

00:01:32.400 --> 00:01:36.780

famisflorida@gmail.com: And since i've left bills have been signed right.

18

00:01:37.350 --> 00:01:46.380

famisflorida@gmail.com: And once the sign is when we can get the go to start running to figure out how to implement and do all this stuff and then come up with all the fun things that you are going to have to do.

19

00:01:46.800 --> 00:02:01.920

famisflorida@gmail.com: Alright, so some of that is still kind of hazy cloudy murky all those words and so we're still trying to get through it, because this was a late session, hopefully, by the time we have famous next year because next year is an early session.

20

00:02:03.600 --> 00:02:21.150

famisflorida@gmail.com: It may be a little bit easier, but it may not who knows I don't know what's gonna happen i'll have my crystal borrow and Karnak is no longer around so a lot of the things are going to happen, and you know, as I mentioned a lot of the bills take effect on Thursday.

21

00:02:22.440 --> 00:02:32.730

famisflorida@gmail.com: Right and some of them take effect as soon as their sign and you kind of have to navigate that water since there's so many we're still trying to figure out this.

22

00:02:33.570 --> 00:02:41.190

famisflorida@gmail.com: I won't go through all the provisions of all the education bills because y'all will walk out of here in mass droves.

23

00:02:41.730 --> 00:02:51.450

famisflorida@gmail.com: And so, but if there are bills that I kind of run through a little bit that have special interest you really need to look at the bill summaries.

24

00:02:51.900 --> 00:03:05.640

famisflorida@gmail.com: And to get a complete understanding and one thing I would suggest as bills deal with specific area, so if a bill deals with esl ese or build deals with DJ DJ DJ facilities.

25

00:03:06.120 --> 00:03:18.090

famisflorida@gmail.com: Get with your program people because they are living those bills all right little different than us in the m is world who have everything they get to play in one little pool, we have to sit in the ocean.

26

00:03:20.640 --> 00:03:31.710

famisflorida@gmail.com: Alright, so highlights, I can do that Canna hot dog all right 52% of the legislation introducing past was just education.

27

00:03:33.330 --> 00:03:42.630

famisflorida@gmail.com: Just education, some of the highlights there's a lot of investments in education that were decided there's a huge workforce push those of you with.

28

00:03:43.560 --> 00:03:48.780

famisflorida@gmail.com: With a systems, I know you guys may not be messing with that, but those were those people are gonna have some fun this year.

29

00:03:49.500 --> 00:03:58.410

famisflorida@gmail.com: A lot of stuff in improving learning environments, as you notice we've been doing a lot of collection well we haha me.

30

00:03:59.070 --> 00:04:05.670

famisflorida@gmail.com: have been doing a lot of collection on progress monitoring you're sending me all kinds of data, you can send me a bunch more.

31

00:04:06.090 --> 00:04:16.770

famisflorida@gmail.com: Okay, so, but some of the stuff in school, safety has been beefed up mental health has been beefed up some bills and we're trying to figure out just how many of those things are going to be collected.

32

00:04:17.520 --> 00:04:32.280

famisflorida@gmail.com: We try to figure out the best, most equitable easy and accurate way to do it, so we don't put too much you notice I didn't say none don't put too much undue burden on you guys, but you know we have spread the wealth.

33

00:04:34.290 --> 00:04:41.490

famisflorida@gmail.com: So some of the bills, the past i'm not going to read those I probably should because I got to fill up an hour or 40 minutes.

34

00:04:41.970 --> 00:04:55.800

famisflorida@gmail.com: But you see the bills, the ones in Fred were signed at the printing of this document, their bunch more than a now read all right, so you can hit some of those you can see that can y'all see that, on the screen.

35

00:04:56.820 --> 00:04:58.470

famisflorida@gmail.com: i'll give you a moment to read it.

36

00:05:00.330 --> 00:05:12.990

famisflorida@gmail.com: So bunch of the past bills for public schools, you see all those numbers, this is the of course famous is going to put this online, so you can go back and pull up the bill and read it yourself, because I know you're super interested.

37

00:05:14.880 --> 00:05:21.180

famisflorida@gmail.com: And that's some of the other bills i'll hit some of these i'm not gonna hit a lot cuz I can't.

38

00:05:22.590 --> 00:05:25.080

famisflorida@gmail.com: But let's get into some i'm gonna hit somebody just.

39

00:05:26.400 --> 00:05:36.480

famisflorida@gmail.com: That we were we've kind of been tracking the most a lot of these may not have direct implication to you, but it's giving you the feel of the landscape.

40

00:05:37.350 --> 00:05:53.820

famisflorida@gmail.com: And if you put them all together, you kind of see where we're headed and there may be a need for you to help your districts figure out how to implement some of this stuff because you guys are the experts in data collection reporting and, all things geeky.

41

00:05:56.010 --> 00:05:57.330

famisflorida@gmail.com: So the homeschool.

42

00:05:58.740 --> 00:06:15.870

famisflorida@gmail.com: Basically he was improved literacy outcomes, by providing free books to K 12 below grade level readers I would be figuring out how to know who those are quickly, as I figured somebody that I asked about that at some point.

43

00:06:17.700 --> 00:06:28.950

famisflorida@gmail.com: You can go through to just read Florida stuff but look at the last bullet point reporting required annually on participation learning games and cause.

44

00:06:30.060 --> 00:06:39.030

famisflorida@gmail.com: All right, so how that's going to be reported specifically how you're gonna have to work that out in your district i'm not sure at this moment.

45

00:06:39.510 --> 00:06:49.650

famisflorida@gmail.com: But understand for this particular home free book assessment for low grade below grade level readers there will be a reporting requirement for the districts.

46

00:06:50.280 --> 00:07:05.370

famisflorida@gmail.com: So really be thinking through how am I going to find those kids and know those kids based on whatever you use, for you know you're below reading now typically FSA is used in a lot but understand we don't have FSA and K two.

47

00:07:06.480 --> 00:07:16.560

famisflorida@gmail.com: Right so progress monitoring probably will become much more much more a key and you'll see throughout the presentation that pops up more and more.

48

00:07:16.920 --> 00:07:27.780

famisflorida@gmail.com: I know what I would what I would do in my system as an m is director i'd find a way to bring in some of those progress monitoring scores into my si s.

49

00:07:28.290 --> 00:07:45.840

famisflorida@gmail.com: In case somebody asked for it, then I would have it, to get it to them does that make sense I would think something like that, because you know i'm already asking if you're not using one of the big five progress monitoring systems, I already achieved 3000 in web a.

50

00:07:47.100 --> 00:07:57.630

famisflorida@gmail.com: Renaissance if you're not using one of the big ones i've been asking that a district send me there's directly in my format, because we can pull those from department.

51

00:07:58.050 --> 00:08:07.980

famisflorida@gmail.com: So if you're not using any of those big five or the Cambodian system that the state is providing the district's you're going to have to report that kind of progress monitoring data on your own.

52

00:08:08.430 --> 00:08:25.980

famisflorida@gmail.com: Okay, and some of y'all have already been doing this with somebody has a data scientist position that's handling it now those things are all out there, so, but you know as we go through it, we need to talk, you know you can always give me a call br 549.

53

00:08:35.670 --> 00:08:43.260

famisflorida@gmail.com: Good education, as you know, that's a big deal right credit graduation credit card is not my thing is that your thing Tracy.

54

00:08:44.760 --> 00:08:47.760

famisflorida@gmail.com: Is graduation credit stuff not really.

55

00:08:51.750 --> 00:09:00.480

famisflorida@gmail.com: Okay, but go to our session anyway tells me what to do so, you know some big changes in civic education and we'll talk a little bit you know, we have the seven.

56

00:09:01.170 --> 00:09:07.710

famisflorida@gmail.com: seas that we've been collecting data on from a few districts that are going to be continued on.

57

00:09:08.160 --> 00:09:21.960

famisflorida@gmail.com: figuring out how to do that it's not the attitude of database man you please don't miss Teresa Sankoh session or stephanie devices student staff data session lot of changes that are going into effect okay you're still with me.

58

00:09:23.280 --> 00:09:23.760

famisflorida@gmail.com: Who.

59

00:09:24.780 --> 00:09:26.010

famisflorida@gmail.com: Educated a condom.

60

00:09:27.480 --> 00:09:27.900

famisflorida@gmail.com: that's.

61

00:09:34.920 --> 00:09:37.710

famisflorida@gmail.com: i'm looking at what I can't say I wrote down what I can't say.

62

00:09:39.660 --> 00:09:42.150

famisflorida@gmail.com: Mainly, I wrote a little SMILEY face it says be nice.

63

00:09:43.290 --> 00:09:46.740

famisflorida@gmail.com: So i'm gonna stay with that i'm trying i'm a nice guy.

64

00:09:47.910 --> 00:09:49.050

famisflorida@gmail.com: Look at this face.

65

00:09:50.460 --> 00:09:58.050

famisflorida@gmail.com: So educated conduct you know really trying to give better accountability on school employees not raise a.

66

00:09:58.410 --> 00:10:09.210

famisflorida@gmail.com: Good in bar from employment, you know around the country different places, someone lose the spot here, but they can go somewhere else and there's no system to connect them you don't know what happened, what went on.

67

00:10:09.570 --> 00:10:17.940

famisflorida@gmail.com: They just move on Florida is really trying to make sure we protect our students protect our schools protect our staff.

68

00:10:18.300 --> 00:10:29.700

famisflorida@gmail.com: Now the last bullet school districts report misconduct investigations, where the individual is terminated to resign resigned under investigation for those y'all been dealing with the staff termination.

69

00:10:32.580 --> 00:10:32.820

famisflorida@gmail.com: You know.

70

00:10:34.290 --> 00:10:48.300

famisflorida@gmail.com: The staff termination database that has to go in, I think, to reset goes group was handling that that's being beefed up the applications being beefed up for reporting, so that we can comply with the statute so that you'll be getting much.

71

00:10:49.380 --> 00:10:49.650

famisflorida@gmail.com: More.

72

00:10:50.730 --> 00:10:51.540

famisflorida@gmail.com: Free.

73

00:10:54.330 --> 00:11:11.250

famisflorida@gmail.com: On that, so all this will have access, in addition to if you if you noted private schools so it's becoming a much more vast database that we have to keep up to date not sure the exact reporting requirements, but they will be strict.

74

00:11:13.230 --> 00:11:17.400

famisflorida@gmail.com: Changes in the student Disabilities Act hb 149.

75

00:11:18.570 --> 00:11:22.560

famisflorida@gmail.com: This had to do with seclusion and restraint y'all know that.

76

00:11:23.130 --> 00:11:33.540

famisflorida@gmail.com: Your ESC people have a seclusion and restraint website that they end up in put in, because they have date deadlines, they have to do it by so many days they have to report to the State so many.

77

00:11:34.140 --> 00:11:39.180

famisflorida@gmail.com: So much information, but you notice seclusion and restraint is also on the assessor report right.

78

00:11:39.870 --> 00:11:51.090

famisflorida@gmail.com: And we had some great talks about that, about a year and a half, two years ago figuring out how do you give seclusion and restraint when there's no real discipline record and how to you know, have been a fun talk, we had yeah I mean of all kind of stuff.

79

00:11:51.660 --> 00:12:05.460

famisflorida@gmail.com: No just kidding um So what we what we're working on now is an application out of the ESC room that will collect all.

80

00:12:06.000 --> 00:12:14.040

famisflorida@gmail.com: seclusion and restraint data ESC and non ESC students okay and that's being built as we speak.

81

00:12:14.430 --> 00:12:33.300

famisflorida@gmail.com: That way, it will collect the seclusion and restraint, because, as we had discussions you know all of this was built the assessor reports and all that was built way back you know when before me, and so we started thinking doesn't really fit there and I didn't think so.

82

00:12:34.470 --> 00:12:46.380

famisflorida@gmail.com: But hey who am I, and so we asked if we can be moved over there now what i'm not sure, yet what i'm trying to, can I start recording start back.

83

00:12:48.480 --> 00:12:58.830

famisflorida@gmail.com: What i'm trying to move to is move seclusion and restraint out of our survey reporting successor and let it all become.

84

00:12:59.910 --> 00:13:03.870

famisflorida@gmail.com: One application so we don't.

85

00:13:05.370 --> 00:13:09.060

famisflorida@gmail.com: have to keep trying to figure out what to do young clap if you want.

86

00:13:10.800 --> 00:13:12.360

famisflorida@gmail.com: I said i'm trying to get done.

87

00:13:13.920 --> 00:13:22.110

famisflorida@gmail.com: So we're trying to figure that out, because I know it's causing problems in some districts, the numbers have not always equal up correctly.

88

00:13:23.280 --> 00:13:37.260

famisflorida@gmail.com: And we're just trying to figure out what is the best way to get that data accurate, because we do we do report that to the fence and we want to find something that makes more sense, and we think the application will will help to do that and take some of.

89

00:13:38.850 --> 00:13:42.660

famisflorida@gmail.com: The brunt of that collection off of you guys again.

90

00:13:44.280 --> 00:13:52.500

famisflorida@gmail.com: This one I thought I put in be really awesome because, as our demographic gets older, we want to make sure everybody around us to do first aid training.

91

00:13:54.060 --> 00:13:56.940

famisflorida@gmail.com: or cpr how many y'all cpr certified.

92

00:13:58.080 --> 00:14:00.900

famisflorida@gmail.com: Okay y'all sit in too far in the back you're going to come up here.

93

00:14:02.940 --> 00:14:07.920

famisflorida@gmail.com: Because I hit 63 this year and I don't know when i'm a drop, so you need to be ready to help a brother out.

94

00:14:09.510 --> 00:14:20.880

famisflorida@gmail.com: But they are expanding for i'm trying to keep it going you laughing at the jokes sometime the young people don't think that's not funny the old people like i'm sitting next to one right now.

95

00:14:21.930 --> 00:14:26.100

famisflorida@gmail.com: first day training me what would be seven Nick on expanding the grade levels.

96

00:14:26.370 --> 00:14:35.940

famisflorida@gmail.com: That they want to get first aid training, so you know for little kids if you're laying on your back a little kid comes running up to you, let them come because he may be the only one in the world knows how to get your heart start.

97

00:14:36.630 --> 00:14:45.090

famisflorida@gmail.com: And so, but it's going to require CPA cpr training grades nine through 11 I think that's awesome if you're in a combo school K 12.

98

00:14:45.750 --> 00:14:57.510

famisflorida@gmail.com: A little concerned if i'm in an elementary school a recommended first day training for grades six through eight I thought that was really cool and I think we need more people that know how to help people for real.

99

00:14:58.680 --> 00:15:06.510

famisflorida@gmail.com: IP requirements to receive I got any big stuff I want to hit you with that there are some changes.

100

00:15:07.830 --> 00:15:12.390

famisflorida@gmail.com: Access prior to high school graduation planning and transition stuff.

101

00:15:13.980 --> 00:15:14.310

famisflorida@gmail.com: You know.

102

00:15:18.690 --> 00:15:19.530

famisflorida@gmail.com: yeah that's what is this.

103

00:15:22.680 --> 00:15:26.610

famisflorida@gmail.com: pair of bills Bill of Rights y'all probably heard a lot about that.

104

00:15:28.320 --> 00:15:29.280

famisflorida@gmail.com: You know.

105

00:15:30.780 --> 00:15:39.690

famisflorida@gmail.com: that's for but definitely you it people is gonna have to be published somewhere it's going to have to be very clear, you had to build in your website they'll probably come in and help you to.

106

00:15:40.140 --> 00:15:55.740

famisflorida@gmail.com: kind of do that trying to promote prayer know via invite involvement you got to post on the website and deliver information electronically, of course, it people already got that handle and we'll be able to do that before they leave here this week.

107

00:15:56.970 --> 00:15:57.960

famisflorida@gmail.com: Right bill.

108

00:16:00.000 --> 00:16:02.370

famisflorida@gmail.com: yeah bill said he got it he'll take care for all y'all.

109

00:16:04.920 --> 00:16:20.280

famisflorida@gmail.com: Early early learning and early braid success um this bill kind of you know, we have the office early learning, it was kind of stand alone was been moved into the early learning and now, all under deal we.

110

00:16:20.790 --> 00:16:33.960

famisflorida@gmail.com: Specifically succinctly, but this whole move on early learning is really going to be tied into keeping up with the progress monitoring.

111

00:16:34.710 --> 00:16:44.430

famisflorida@gmail.com: Especially since you know we don't get FSA scores to third grade so early learning part they're working on what will be the instrument if there is one, or will we.

112

00:16:45.630 --> 00:16:51.600

famisflorida@gmail.com: use what you have for prior finding but understand, I will be collecting that data in some way.

113

00:16:52.710 --> 00:17:00.300

famisflorida@gmail.com: In case in me body throughout several of these bills are asking for your progress monitor reporting.

114

00:17:01.380 --> 00:17:10.380

famisflorida@gmail.com: So you know 2021 the readiness rates will be calculated with current kindergarten screening got to get that data from somewhere right.

115

00:17:13.140 --> 00:17:29.190

famisflorida@gmail.com: Intervention stuff there's going to be planned the purple star campuses I thought was really cool really geared toward military families, helping them and i'm all for helping military families in any way we can the stuff they have to.

116

00:17:31.740 --> 00:17:36.390

famisflorida@gmail.com: do to protect our country about being able to have.

117

00:17:37.950 --> 00:17:42.480

famisflorida@gmail.com: Easier access to education, in some ways in great ways for them.

118

00:17:43.980 --> 00:17:46.350

famisflorida@gmail.com: health education year a couple of bills on.

119

00:17:49.050 --> 00:17:56.790

famisflorida@gmail.com: Really gearing up trying to fight sex child sexual abuse, exploitation, human trafficking law.

120

00:17:58.320 --> 00:18:07.920

famisflorida@gmail.com: More training is going to be done in the schools don't really think there's going to be a part for you to deal with and data reporting just let you know that you're probably got kids in school.

121

00:18:08.790 --> 00:18:19.950

famisflorida@gmail.com: juvenile justice programs, how many y'all have DJ Jason your district oh goodness okay that's a lot more than I know I was spared district.

122

00:18:21.150 --> 00:18:29.100

famisflorida@gmail.com: A lot of changes in the DJ DJ Carla green who's over the DJ programs for do he will be here.

123

00:18:29.640 --> 00:18:34.290

famisflorida@gmail.com: I think she's presenting tomorrow, so you definitely want to be in on that because there's a.

124

00:18:34.710 --> 00:18:40.350

famisflorida@gmail.com: You know, some DJ accountability things that are going on now specifically that weren't kind of there in the past.

125

00:18:40.770 --> 00:18:49.740

famisflorida@gmail.com: may want to hear her session to talk about how that data is going to be running and what they're going to meet because she did you know if many I don't know.

126

00:18:50.550 --> 00:18:59.610

famisflorida@gmail.com: He is he is teresa's group the survey periods, we collect the data right and we live by the database manual right.

127

00:19:00.180 --> 00:19:15.300

famisflorida@gmail.com: And all y'all can read it y'all know it it's wonderful it's awesome to tells us what we can cannot do what we have to do what's required was not required, but, as you may know what we collect is not based on what I want.

128

00:19:17.010 --> 00:19:19.680

famisflorida@gmail.com: Right and I don't want anything.

129

00:19:21.630 --> 00:19:23.460

famisflorida@gmail.com: i'm happy to not touch your name.

130

00:19:24.930 --> 00:19:33.330

famisflorida@gmail.com: What I do is I collect what the program people need for either state or federal requirements.

131

00:19:34.170 --> 00:19:44.520

famisflorida@gmail.com: So it's important that we really build those partnerships with the program people, because sometimes they get word that things are changing before we get where things are changing.

132

00:19:44.970 --> 00:19:55.740

famisflorida@gmail.com: And they may have a better understanding of why things are needed and how it's needed to help inform you so that you can clear all those fun validation and.

133

00:19:56.130 --> 00:20:11.730

famisflorida@gmail.com: Rejection errors as well, an exception areas that y'all know y'all do all the exception errors right just shake your head, we do we correct all errors right you're totally error free by the end of the survey you left nothing on the table right.

134

00:20:15.240 --> 00:20:16.050

famisflorida@gmail.com: Right.

135

00:20:17.070 --> 00:20:19.200

famisflorida@gmail.com: Thank you, I went on a record you record it.

136

00:20:20.610 --> 00:20:32.400

famisflorida@gmail.com: So, but so you really want to be sure you go to those particular sessions, and this year we were really grateful we had quite a few program people who stepped up to come.

137

00:20:33.960 --> 00:20:41.970

famisflorida@gmail.com: To this too famous this year, and so we were excited about that you know E II is back for the first time in a long, long long, long time.

138

00:20:43.320 --> 00:20:51.750

famisflorida@gmail.com: accountability is now with us i'm so grateful she's here, you know because of the school grades, in the past they could never come the face.

139

00:20:52.410 --> 00:21:01.320

famisflorida@gmail.com: Because they had to get school grades ready and release remembered many times we'd be here in the phones go off school raise release and then you then the presenter Michael to shut up at that point.

140

00:21:02.640 --> 00:21:04.170

famisflorida@gmail.com: You can call from the superintendent.

141

00:21:05.190 --> 00:21:12.270

famisflorida@gmail.com: But so really want to look at that because DJ accountability is going to become a big deal and that reporting and making sure you're collecting the right big.

142

00:21:13.650 --> 00:21:16.170

famisflorida@gmail.com: School district funding was huge.

143

00:21:17.910 --> 00:21:19.830

famisflorida@gmail.com: and education funding was huge.

144

00:21:21.480 --> 00:21:23.880

famisflorida@gmail.com: Basically, the biggest thing out of.

145

00:21:26.250 --> 00:21:46.200

famisflorida@gmail.com: was an increase of bonus for a ice teachers and also a requirement for funding allocation So if you have those programs and the F T remember on that additional F T format, be sure your accurately collecting and doing what you need to do with.

146

00:21:48.420 --> 00:21:55.260

famisflorida@gmail.com: Educated preparation, not a whole lot tell you on that one just, you know as teacher stuff.

147

00:21:57.120 --> 00:22:05.220

famisflorida@gmail.com: Now house bill 15,000 how many of y'all heard house bill, you know seven oh boy you better watch this one, this is a biggie.

148

00:22:06.150 --> 00:22:14.760

famisflorida@gmail.com: This is the, this is the big workforce plan and it's going to touch our entire education system.

149

00:22:15.570 --> 00:22:31.590

famisflorida@gmail.com: From, as I mentioned, on the third bullet from middle grades career professional academy courses, all the way up to higher ED this one is take is going to take in probably the most of my time in the next couple of months to build a system that integrates.

150

00:22:32.970 --> 00:22:46.260

famisflorida@gmail.com: Do with do the do it do it with these cf all of us have to work together and start collecting and accessing data to make decisions on workforce.

151

00:22:46.650 --> 00:22:58.740

famisflorida@gmail.com: And so it's going to start looking at those programs in the middle school level on up career thing courses reporting and looking at what's being provided the outcomes.

152

00:22:59.400 --> 00:23:07.920

famisflorida@gmail.com: Be sure we you know we get those certification outcomes you got to turn them me i'll turn all that stuff and how they did on certifications right.

153

00:23:08.610 --> 00:23:20.700

famisflorida@gmail.com: that's going to become much you got to work much harder to make sure that data quality is good because you'll start feeding into a larger system to make larger decisions on workforce within the state.

154

00:23:20.940 --> 00:23:31.380

famisflorida@gmail.com: of Florida, the last bullet district school district partners with the apprenticeship programs must report funding and costs, probably going to be a little more tied to the weirdest people.

155

00:23:32.550 --> 00:23:38.700

famisflorida@gmail.com: But you know some of us have those dual enrollment in the weirdest people in high school that's that's going to be kind of working through that.

156

00:23:39.000 --> 00:23:44.730

famisflorida@gmail.com: So be thinking through you know, keep your keep your ears open for as those are progressing.

157

00:23:45.450 --> 00:23:51.360

famisflorida@gmail.com: Because we're really trying to it's going to start building traction, it is a governor's initiative is a lettuce legislative initiative.

158

00:23:51.990 --> 00:24:08.580

famisflorida@gmail.com: it's a Interagency initiative that's going to touch the breath of of education, I think it's gonna be awesome to see what we can provide the citizens for workforce related help help as we go forward education funding.

159

00:24:13.110 --> 00:24:13.560

mm hmm.

160

00:24:15.750 --> 00:24:32.430

famisflorida@gmail.com: First bullet y'all probably know some of this provides for teacher pay increases the move toward that 47 five base and creates that minimum expectation of salary adjustment for educators rated as highly effective how many all staff database people staff reporting people.

161

00:24:34.470 --> 00:24:36.540

famisflorida@gmail.com: Okay, this is you this is you.

162

00:24:38.160 --> 00:24:40.920

famisflorida@gmail.com: Make got to make sure we're accurately.

163

00:24:42.720 --> 00:24:47.040

famisflorida@gmail.com: collecting and reporting our staff payroll information.

164

00:24:48.060 --> 00:25:00.510

famisflorida@gmail.com: You know, there have been some glitches we've noticed over the last year we've got to really be sure that you're collecting it, because this is feeding into a lot of things that will reflect on your district.

165

00:25:01.410 --> 00:25:16.380

famisflorida@gmail.com: Okay, requires that the portion non enrollment and you can read that part, this is all so funds that they're doing but that last bullet requires school districts report by September 120 21 that's around the corner right.

166

00:25:18.000 --> 00:25:26.280

famisflorida@gmail.com: The total number of on accounting students and their status, so you need to go into the bill little bit you get more guidance, but.

167

00:25:26.940 --> 00:25:36.420

famisflorida@gmail.com: We got to another reporting requirement coming up soon not sure if that's going to be one of my famous ad hoc surveys that y'all love so dearly.

168

00:25:37.140 --> 00:25:44.190

famisflorida@gmail.com: Because you're always send me an email back Thank you so much for sending me another spreadsheet to fill out I feel so fulfilled now.

169

00:25:44.940 --> 00:25:57.450

famisflorida@gmail.com: And I wasn't doing anything but waiting for you to ask me for more data anyway, and I love PBT but you know, and so you know i'm i'm gonna send you something else, probably soon.

170

00:25:58.530 --> 00:26:03.720

famisflorida@gmail.com: or at some point so just sit there and wait and say thank you Steve can I have some more please.

171

00:26:06.390 --> 00:26:09.210

famisflorida@gmail.com: As it goes on let's see.

172

00:26:10.860 --> 00:26:31.590

famisflorida@gmail.com: portion of non the money thing, like the finance people at the money thing, but to require school districts, to use pre and post assessments, approved by the only to assess students academic progress and implement and evidence based interventions that smells like reporting.

173

00:26:33.420 --> 00:26:33.990

famisflorida@gmail.com: Right.

174

00:26:35.160 --> 00:26:38.400

famisflorida@gmail.com: When circle that and your screen or in your mind or whatever.

175

00:26:39.540 --> 00:26:41.310

famisflorida@gmail.com: Your pre and post test.

176

00:26:42.480 --> 00:26:45.210

famisflorida@gmail.com: Again, progress monitoring I don't.

177

00:26:46.470 --> 00:26:57.030

famisflorida@gmail.com: Like that make it easy on yourself find a way to get that stuff in the system and you hold it because you know when it comes to somebody asking for data, who they can come to hmm.

178

00:26:58.140 --> 00:27:00.060

famisflorida@gmail.com: People want data, who they can come to.

179

00:27:01.410 --> 00:27:04.770

famisflorida@gmail.com: Oh y'all don't want to admit it see you trying to hide.

180

00:27:06.090 --> 00:27:11.970

famisflorida@gmail.com: Well, my district always came to me was was my data, not because don't you know how to work a spreadsheet.

181

00:27:14.280 --> 00:27:20.730

famisflorida@gmail.com: So, but just be kind of progress monitoring is a strong theme coming through here, because there was a lot of.

182

00:27:21.180 --> 00:27:26.940

famisflorida@gmail.com: Due to cove it there was a lot of challenge our kids went through and their educational environment.

183

00:27:27.690 --> 00:27:46.410

famisflorida@gmail.com: And we want to make sure that our kids are getting back on the path that leads them to the greatest success and data is how we can really figure out where things are and how they're going and make some decisions on what's the next what's the best course going forward.

184

00:27:47.520 --> 00:27:54.090

famisflorida@gmail.com: Because definitely the world is changed for many of us, if not all.

185

00:27:56.700 --> 00:27:57.690

famisflorida@gmail.com: Do you house bill.

186

00:28:00.810 --> 00:28:11.700

famisflorida@gmail.com: requires school districts by September one annually to provide an itemized list and cost of computers and device hardware.

187

00:28:12.450 --> 00:28:25.740

famisflorida@gmail.com: and associated operating system software required under digital classroom plan funds they're just that you were just going to change all my wonderful don't frown at me bill.

188

00:28:27.510 --> 00:28:29.010

famisflorida@gmail.com: don't even give me that.

189

00:28:35.910 --> 00:28:37.770

famisflorida@gmail.com: Technology and resource inventory.

190

00:28:39.330 --> 00:28:40.920

famisflorida@gmail.com: you noticed you haven't gotten met yet.

191

00:28:42.450 --> 00:28:45.090

famisflorida@gmail.com: still trying to make changes to what i'm going to ask you for.

192

00:28:46.350 --> 00:28:55.140

famisflorida@gmail.com: But you'll probably get the email within the next week, that it will be opening up you probably will only have about 30 days to pull it off.

193

00:28:56.520 --> 00:28:57.030

famisflorida@gmail.com: again.

194

00:28:59.400 --> 00:29:08.190

famisflorida@gmail.com: Probably I want to talk, I want to figure out if that can be tied into the try so it's a one stop shop for our cios.

195

00:29:08.610 --> 00:29:17.970

famisflorida@gmail.com: we're not sending it over here and trying to figure it out over there, see if we can collect it all in one place for you, along with the other quite I mean you're already telling me how many devices and stuff you have.

196

00:29:18.450 --> 00:29:29.010

famisflorida@gmail.com: And we're going to ask somebody other things that are that we're seeing our code related technology issues I know some security has been a cyber security has been a big deal.

197

00:29:29.730 --> 00:29:43.320

famisflorida@gmail.com: Your cyber security costs have been going up, we want to i'm trying to figure out what to put all in there, so you just go one place fill it in, and then I can take that data and give it to whoever needs it across the department.

198

00:29:44.250 --> 00:29:58.320

famisflorida@gmail.com: But understand this bill passed you're going to be asked for those specifics, so if you don't already have it, I would build a spreadsheet somewhere and keep it in my back pocket so when he asked, he says boom i'm on.

199

00:30:00.540 --> 00:30:01.680

famisflorida@gmail.com: Because i'm not hiring.

200

00:30:02.730 --> 00:30:05.370

famisflorida@gmail.com: So oh y'all didn't catch that one didn't.

201

00:30:06.480 --> 00:30:06.990

famisflorida@gmail.com: alright.

202

00:30:08.220 --> 00:30:20.220

famisflorida@gmail.com: Have virtual school instruction that all school district must buy least one part time and full time virtual instruction option for students, let your virtual school people play with that one.

203

00:30:29.760 --> 00:30:30.840

famisflorida@gmail.com: currency.

204

00:30:37.980 --> 00:30:55.710

famisflorida@gmail.com: 701 711.

205

00:30:58.200 --> 00:31:00.600

famisflorida@gmail.com: First book, what are we talking about there.

206

00:31:04.110 --> 00:31:05.580

famisflorida@gmail.com: were two words, do you see.

207

00:31:06.630 --> 00:31:28.260

famisflorida@gmail.com: There he goes again progress monitoring data numbers students demonstrate characteristics of dyslexia that be maintain and do we education data warehouse now how do we get data into the warehouse you report it to me because I got the warehouse who reports to me.

208

00:31:33.000 --> 00:31:39.120

famisflorida@gmail.com: You are the only people I can talk to for data, so if I gotta put it in the warehouse guess what i'm coming to.

209

00:31:44.670 --> 00:31:52.440

famisflorida@gmail.com: All right, so but we'll figure out what the specifics are and how we're going to report it i'm hoping I don't have to do another ad hoc report but.

210

00:31:53.310 --> 00:32:00.480

famisflorida@gmail.com: we're gonna have to see because we got to work through all the legislative intent all legislative requirements, the little you know, because you know there's a lot of stuff written in the bill.

211

00:32:00.990 --> 00:32:08.070

famisflorida@gmail.com: And i'm just giving you the broad brush ideas, but there, there can be some very prescriptive things in there, that I have to follow.

212

00:32:08.550 --> 00:32:16.770

famisflorida@gmail.com: And that I have to ask you for, but this just kind of gives you a flavor an idea and look for these kind of things start coming and they'll start coming pretty pretty.

213

00:32:18.660 --> 00:32:19.020

famisflorida@gmail.com: Bad.

214

00:32:20.820 --> 00:32:31.230

famisflorida@gmail.com: School district pay for pre K reading interventions out of our ftp ftp reading allocation I don't do that school choice lot of stuff happened in school choice.

215

00:32:32.280 --> 00:32:41.700

famisflorida@gmail.com: For those of y'all you know you've got your McCain students and you got your fps do dollars frumpy remember those guys got all them you're putting them in 7273 right.

216

00:32:43.980 --> 00:32:55.530

famisflorida@gmail.com: they're moving where, and this is key to understand we're consolidating the scholarship programs and repealing gardener and mackay scholarships by.

217

00:32:56.760 --> 00:33:09.480

famisflorida@gmail.com: By 2022 and moving all those students into the fps the family empowerment scholarship program you know we implemented the reporting of that would last year, I think it was.

218

00:33:09.990 --> 00:33:19.200

famisflorida@gmail.com: was the last year we added that that we have McCain and then we had the fps yeah so everything's going to be consolidated into that one concept, the reporting.

219

00:33:20.400 --> 00:33:25.110

famisflorida@gmail.com: And for the full tech scholarship program so be looking for.

220

00:33:27.000 --> 00:33:30.690

famisflorida@gmail.com: And i'll know we already got that added in or not there's so many things.

221

00:33:31.800 --> 00:33:33.270

famisflorida@gmail.com: So many people so little time.

222

00:33:34.440 --> 00:33:42.570

famisflorida@gmail.com: So we're going to be adding that in sort of reporting is going to change a little bit that 30 wasn't the what's the mackay school number 37.

223

00:33:44.250 --> 00:33:46.500

famisflorida@gmail.com: Okay, good yeah so.

224

00:33:48.210 --> 00:33:48.720

famisflorida@gmail.com: 35.

225

00:33:50.070 --> 00:34:01.800

famisflorida@gmail.com: And you know so that that's going to change because we're repealing it won't go away in the future so that's you know that's going to be something we had to work on, I know tyler's gonna have fun with that a title what's up man.

226

00:34:03.180 --> 00:34:15.960

famisflorida@gmail.com: So i'm report all students who received a scholarship and the fs program must be reported separately from other students reported, for the purposes of FP FP not sure what that means.

227

00:34:20.370 --> 00:34:26.100

famisflorida@gmail.com: Just mean we'll put them in the fbs school number and that's separate to me right in that separate.

228

00:34:27.120 --> 00:34:38.340

famisflorida@gmail.com: put them in this little box and then I pull it out myself so we'll continue to work on that, but that's going to be a big change in reporting and you know if you don't accurately port them report them that money still gets pulled.

229

00:34:39.390 --> 00:34:46.680

famisflorida@gmail.com: Right, so you got to make sure they're in there, so they can get funded, so that when they pull it for the program they're not messing with your money.

230

00:35:18.720 --> 00:35:31.890

famisflorida@gmail.com: From the high schools in child welfare senate bill 96 not a whole lot of really want to hit you hard on that oh Lord 1030.

231

00:35:33.930 --> 00:35:34.380

famisflorida@gmail.com: lunch.

232

00:35:36.630 --> 00:35:39.870

famisflorida@gmail.com: really what time is this boy do I got to.

233

00:35:42.540 --> 00:35:42.900

famisflorida@gmail.com: see that.

234

00:35:44.280 --> 00:35:46.890

famisflorida@gmail.com: Okay i'm about to run now you ready.

235

00:35:48.690 --> 00:35:54.660

famisflorida@gmail.com: If I you're finished with no questions i'm awesome all right, Charlie recognized clarify blah blah blah read the slide.

236

00:35:56.100 --> 00:36:05.100

famisflorida@gmail.com: Civic literacy changes in the civic told us a big thing man mandates high school students completing the citizen scholarship program receive.

237

00:36:05.640 --> 00:36:17.520

famisflorida@gmail.com: up to six undergraduate credit hours as civic literacy tests, we put in some we're putting in some data elements, so you can collect it as a new test put in the scores Allah.

238

00:36:32.310 --> 00:36:36.180

famisflorida@gmail.com: It figured out and they should lose big deal is gonna be tied to school great.

239

00:36:44.400 --> 00:36:45.090

famisflorida@gmail.com: tension.

240

00:36:46.800 --> 00:36:50.700

famisflorida@gmail.com: Alright equal opportunity, leading to deployment of happening on school safety.

241

00:36:53.340 --> 00:37:08.400
