- New Construction or Aged Infrastructure
- PASS – Partner Alliance for Safer Schools

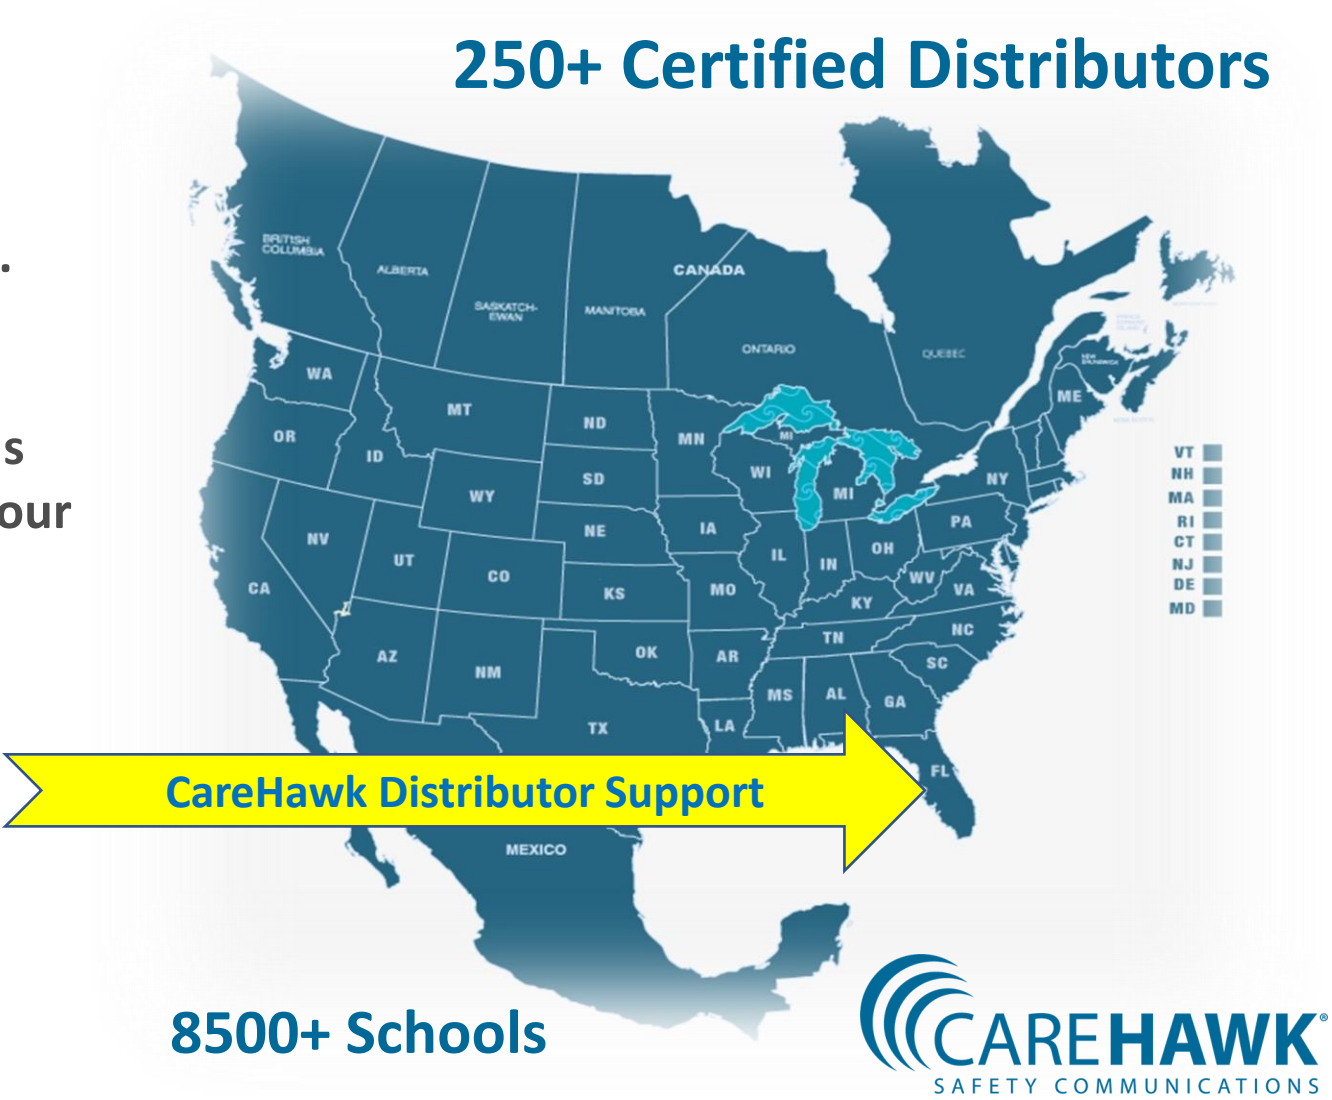

Safety Commitment?

Our Mission is to help facilities utilize technology to protect people and resources.

CareHawk technology is employed in various types of buildings, K-12 Education is one of our strongest sectors, with over 8500 schools.

Why this conference and its attendees are particularly special.

250+ Certified Distributors

Serving Safer Schools Every Day and in Times of Crisis

Modern Life Safety Communication technologies **alert, inform, and instruct** staff and students through everyday activities and during emergency situations, so you can focus on what's important - **learning**.

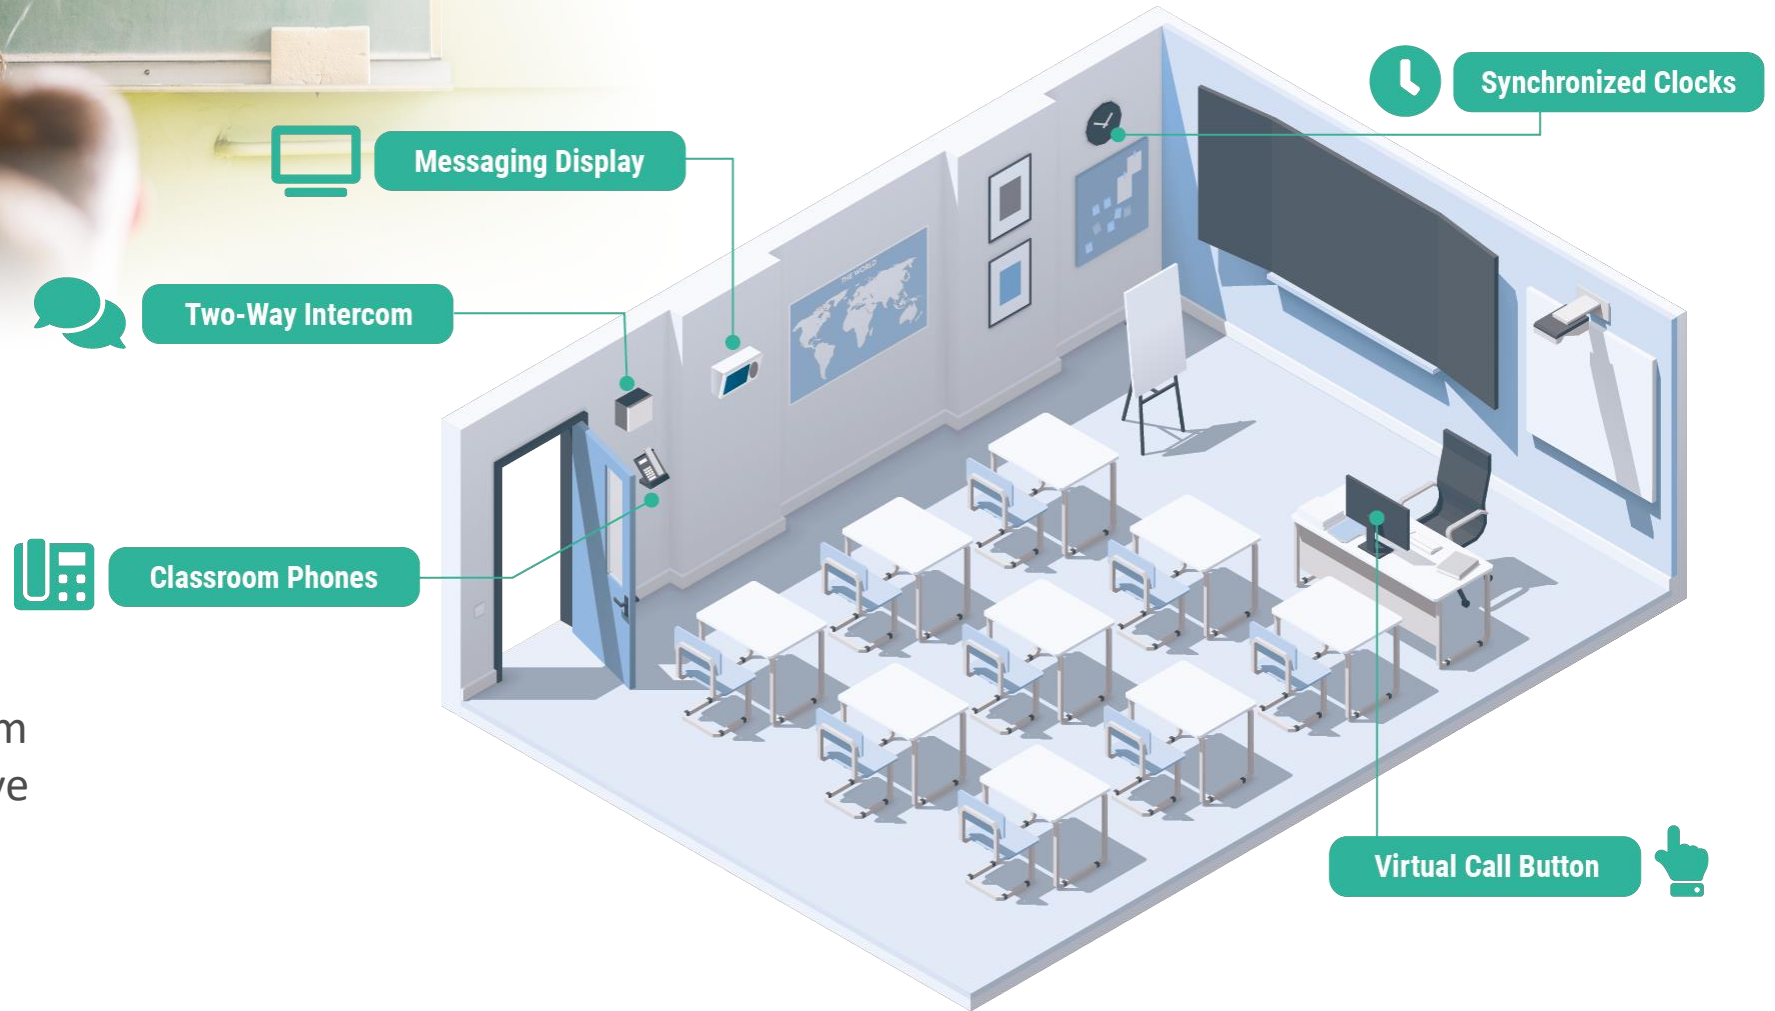

School Communications

- Announcements
- Paging
- Classroom Calls
- Bell Schedules
- Synchronized Clocks
- District Communication
- Integration: Access/Cameras
- **Emergencies (all kinds)**

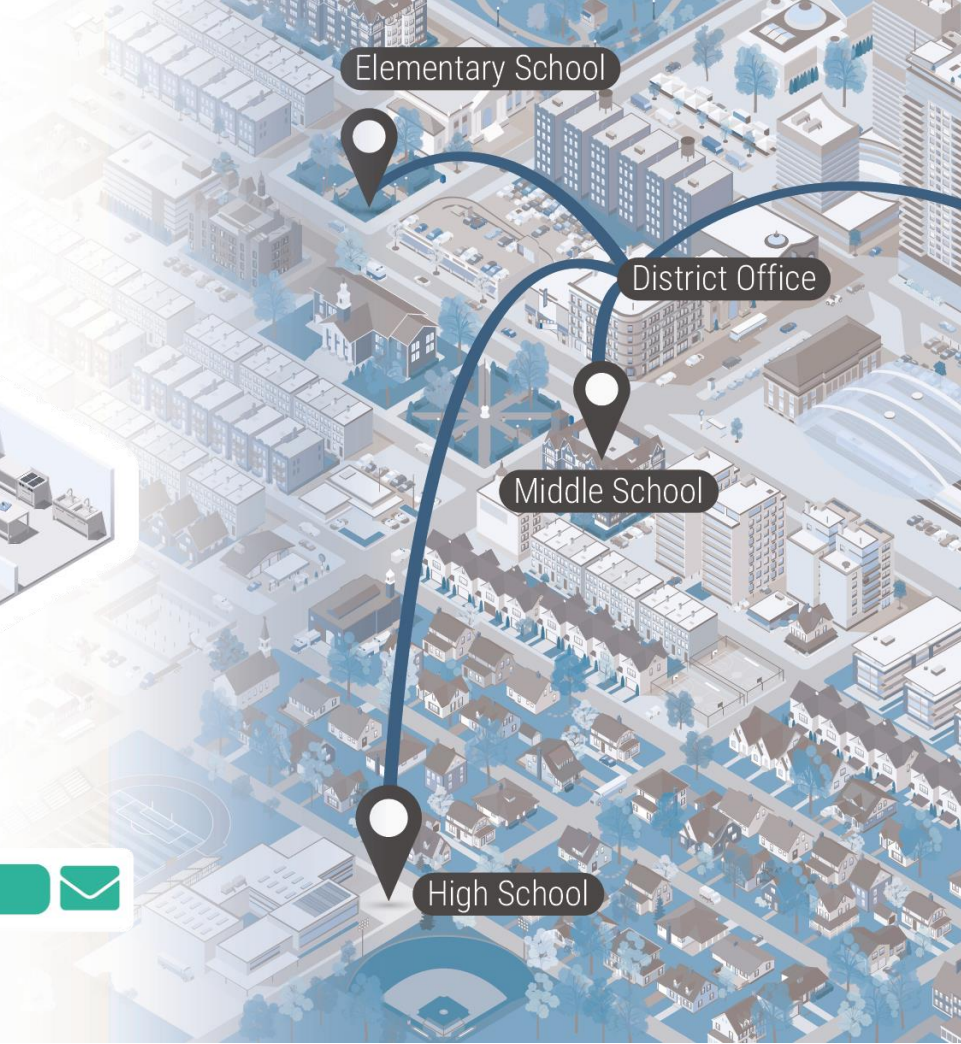

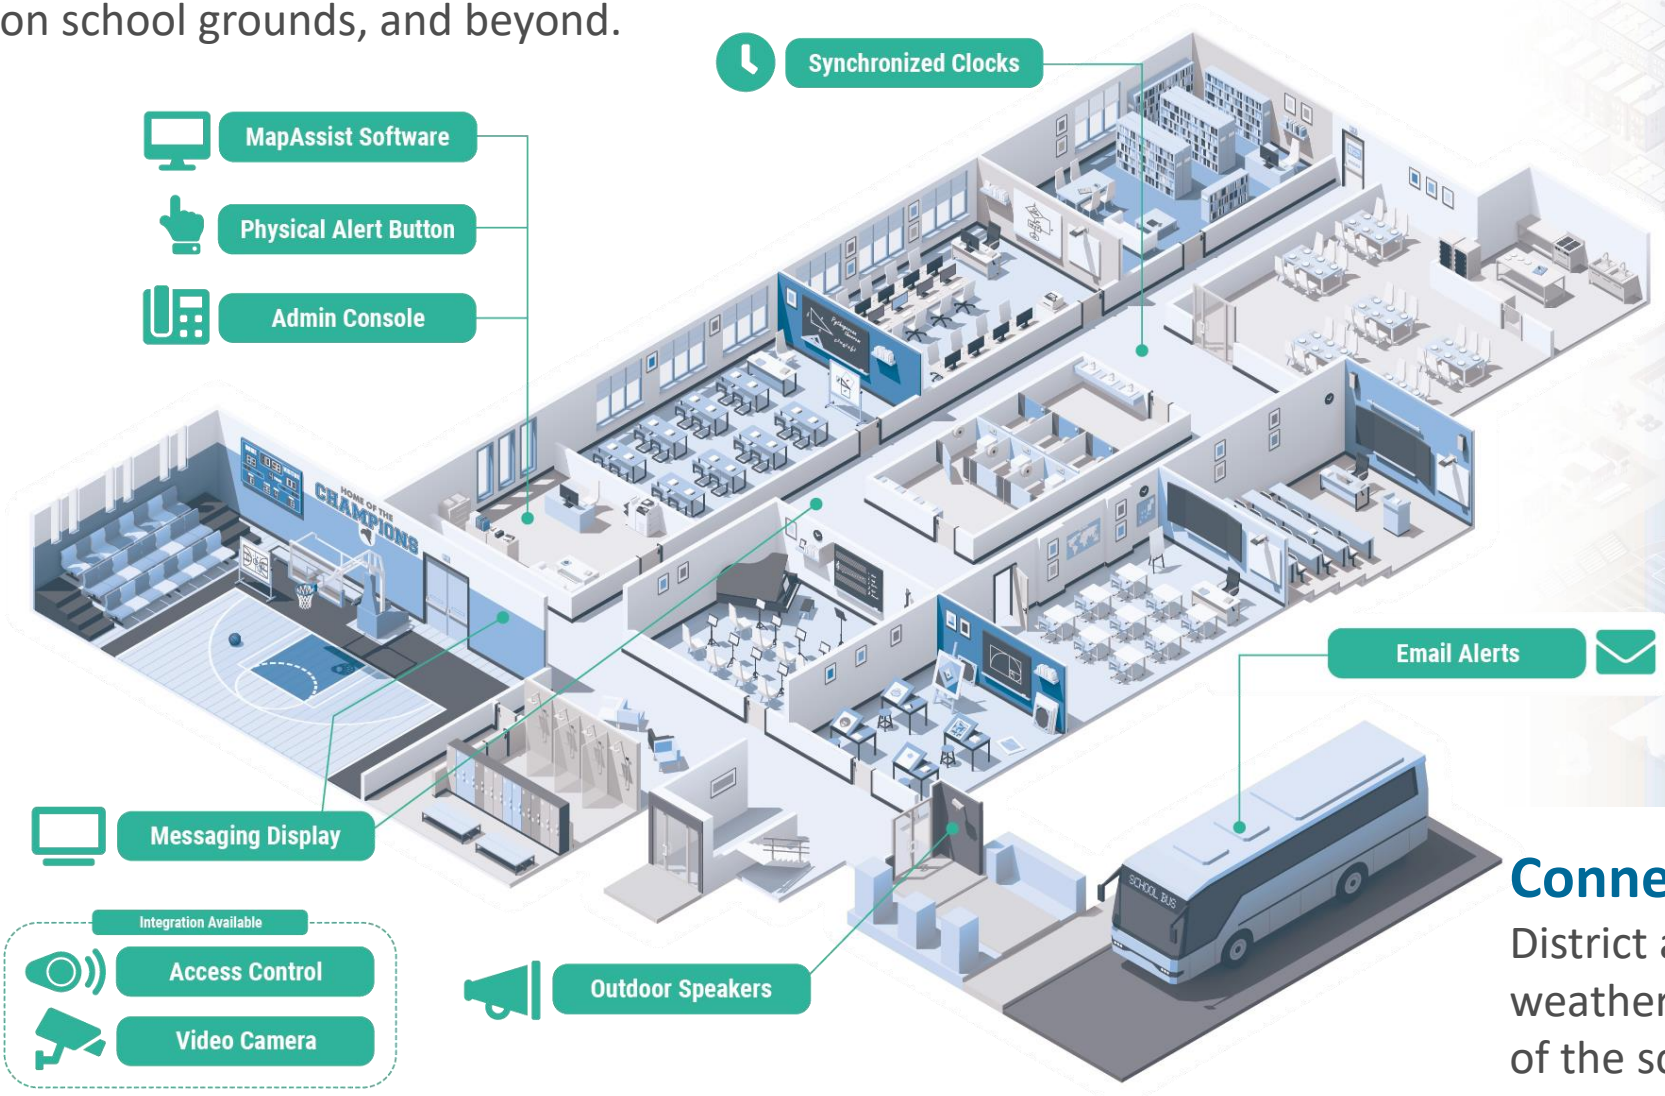

The Informed Classroom

Keep connected with the classroom to ensure staff and students receive timely, clear, and accessible alerts and instructions.

Beyond the Classroom

Communications in hallways, on school grounds, and beyond.

Connect the Entire District

District administrators can initiate lockdowns, weather alerts, or pages to a single school or all of the schools in your district simultaneously.

Your School Floor Plan Becomes an Interactive Dashboard with MapAssist™

Stay informed with real-time
priority-based visual feedback
directly on the school floor plan.

MapAssist™ Calendar Simplifies Activities

View your entire school year in an interactive calendar and keep track of your schedule with ease.

Schedule more than just bells!
Schedule tones, music,
programs, video surveillance,
and output events.

Dashboard

Responsiveness

to Emergencies

Lockdown with real-time feedback with a quick and easy way to initiate and monitor a lockdown or any other emergency situation.

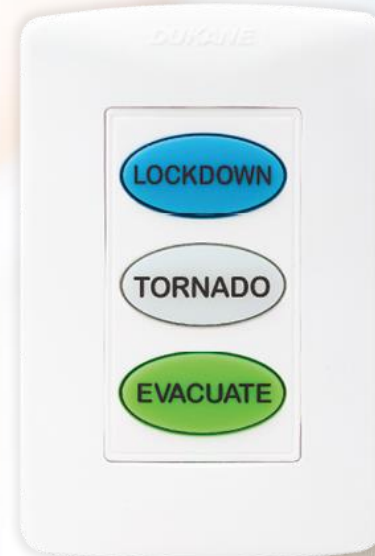

Priority-based communication
Real-time visual activity monitoring
Real-time classroom lockdown acknowledgment.

The screenshot displays a security dashboard interface. At the top, it shows 'Active Schedule: Main' and a red 'LOCKDOWN' button. The main area features a floor plan of a building with a central hallway highlighted in orange, indicating a lockdown path. The right sidebar contains a 'SECURITY' section with buttons for 'LOCKDOWN', 'WEATHER ALERT', and 'OTHER ALERT'. Below this is a 'GLOBAL' section with buttons for 'EMERGENCY PAGE', 'PAGE', 'MUSIC', and 'TONE'. The top right corner shows 'Using Phone 901' and '4:39 pm'. A navigation menu on the left includes 'HOME', 'ZONES', and 'STAFF'.

Your Messages Are Seen & Heard

A network of CareHawk® messaging displays combines visual messages in tandem with audio alerts for accessible communication and improved student and staff safety.

Visual Messaging, Emergency Strobe Lights and Clear Audio are key resources in a Emergency

S R O

Mobile Device Integration:

Lockdown at the Keyboard, the Administration Console, Remotely with VCall+, or with Activation Switch devices.

School Resource Officer and Law Enforcement can monitor real-time visual activity.

New Install or Retrofit, Communication Technology is Available!

IP solutions are perfect for your new installation and often the right solution for an aged building.

Do you have an aged building?

An aged PA System?

Uncertain Infrastructure?

Is your Network ready?

Prefer an Analog Solution?

Partner Alliance for Safer Schools (PASS)

A not-for-profit coalition of organizations and individuals brought together to develop and support best practice recommendations for school safety and security.

PASS[™]
Partner Alliance
for Safer Schools

PASS Advisory Council

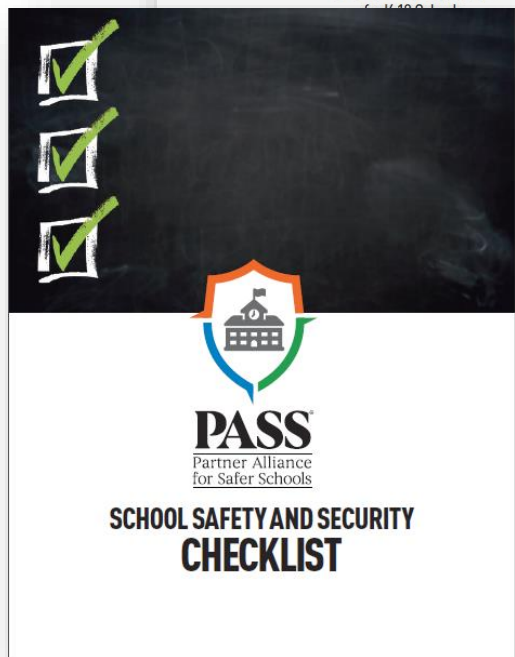

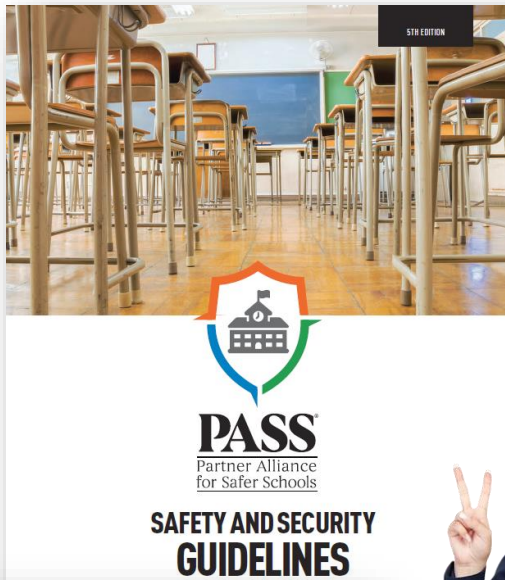

- Industry Associations
- Safe Schools Organization Leaders
- Parents
- K12 Security Directors
- Security Consultants
- School Architects
- Model Code Committee Members (NFPA)
- Security/Systems Integrator Consultants
- Security Product Manufacturer Consultants

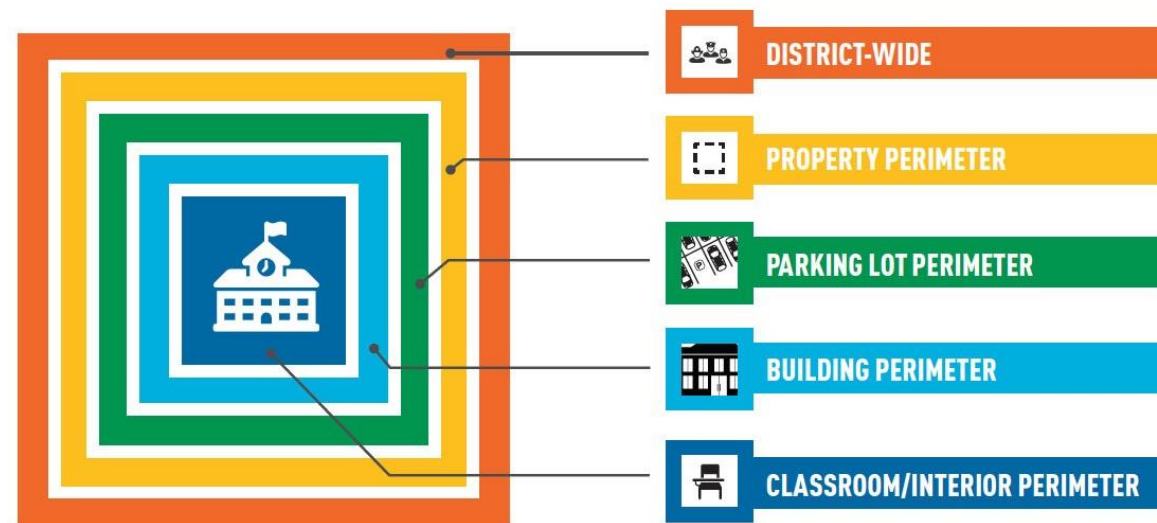

The PASS Guidelines and Checklist tools help school administrators to answer three questions:

- ✓ *What should we do?*
- ✓ *How do we prioritize?*
- ✓ *Where do we start?*
