

**SDCCMIS Spring Conference
Sunday, May 12, 2002
Ocala Hilton**

Pre-Conference Functions

<u>Room</u>	<u>Time</u>	<u>Topic</u>	<u>Session Leader</u>
Board Room	1:00 – 4:00	FAEDS Board	Chair
Board Room	4:00 – 6:00	SDCCMIS Board	Chair

Program Highlights

- Invited speaker – Andy Reese
 - Andy will lead a two hours workshop on the architecture and development of security policies.
- Wireless Networks – District panel
 - Districts will share this very viable approach to updating networks. They have found this approach not only state of the art, but reduces operational cost.
- OPPAGA – OPPAGA audits
 - OPPAGA staff will present and then a district panel will convene to share how they faired in the process.
- District roundtable – Reduction of costs
 - Districts will meet by group size and discuss ways operation costs might be reduced and increase the effectiveness of information services.
- DOE Updates – FIRN, Legislative, Data Warehouse, WDIS
 - Always important, these sessions will be vital to districts this year. Meeting just after the legislature adjourns these update will be timely.
- E-Rate – Current status and ways to be effective in acquiring funds
 - Melinda will cover the status of the E-Rate process. We have a vendor who specializes in filing innovative E-Rate proposals who will share some district successes.
- Parent Access – Access to student records
 - Are districts ready to give access to parents to student data via dial up or Internet browsers, is it secure? District panel will convene to discuss these issues.
