Keith Parsons Volusia District
Bruce Patrou St Johns District
Brad Schuette Sarasota District
Alicia Hout Gateway Consortium
Doug Dillard Escambia

This **Committee** will address ways to improve the quality of education data to fulfill legislative mandates and local requirements for education policy making at all levels of government. The committee has as its mission the support of the State of Florida's agenda, that is, the identification of issues and policy concerns bearing on the development, comparable and effective state-wide elementary and secondary education data collection, reporting, and use, focusing on the major areas of student, staff, fiscal, institutional, and other information that yields valuable perspective on education in Florida.

Discussion items:

1. Student Social Security Number
2. Strategies to improve data quality
3. Algorithm for shifting the Staff Social Security Number

[Communications, cooperation, coordination and collaboration](#)
