Coffee!!

Not breakfast related, but parking related. We were given a parking voucher and led to believe the \$15 voucher would result in free parking in the Hilton lot. Upon leaving we had to pay \$15 because the real cost would've been \$30 without the \$15 voucher. The parking garage was only \$10 so it ended up being more expensive to use the Hilton lot.

AI being used for cyber attacks

I was appalled that real cocktail ingredients were provided during this session. I expected a slide to be presented which would hook the audience- not a bar setup where individual bottles of orange juice, champagne, and Tito's vodka were provided and participants were encouraged to mix a cocktail during and after the session. As an educator, I have attended many conferences over 25 years and have never been offered alcohol during a session. In addition, it is against professional standards to consume alcohol or be intoxicated at work. While we are attending a conference, we are considered at work. Based on this, I would discourage anyone from

Presenters were knowledgeable of their products.

Liked that there was a demo of the software vs just reading slides and stats.

5. What information in this session was most useful to you?

6. What would have made this session better?

Good recap

Quick and informative

Prizes of course! And the awards for such deserving people!

DOE always good. Ty for the prize!

Lunch during or after

All was good

Always love the prizes!

Awesome session

If I would have win a prize.

LOL

Na

Na

I didn't win anything.

PRIZES! So wonderful

Great organized prize giveaway process

NA

Congratulations to Candi Garcia on his retirement. Welcoming the new President.

A lot of fun

So much fun! A great way to close the conference!

None noted!

Love the prizes

I would like to win. :)

District sharing always good -prizes best~

All the new stuff

Maybe if the conference was a little later in July there would be more answers instead of we don't really know yet.

Good

Please move to a different hotel next year

Prizes!!!!

Winner! Winner!

Informative and fun

Overall the conference was great, very well organized and as always love to see old work friends and make new ones.

If possible it would be nice to have more DOE sessions regarding ELL, Migrant, ESE....areas we report but not proficient in.

I am happy to be apart of FAMIS. I have been to conferences for years, but never enjoyed myself like I enjoy myself when I'm with you all. I'm also learning a lot while I'm here and meeting new people.

I wouldn't change anything!! I think you all did an amazing job of putting this together!!!

6. What would have made this session better?

Updates

The information about the changes to come.

More in depth for questions

Detailed info

Keeping up to speed on all the latest updates to support my team.

Na

Just is knowledgeable and always open to answering questions!

Nothing at this time

Na

Hearing the overview; hearing questions & comments from other districts that were similar to our question/concerns

Helpful information

The update of legislations

Excellently delivered as usual Judy

Having more definitive answers rather than constantly having DOE reps responding ' they don't have an answer' or that 'its still being discussed or worked on'

Allow for continued input from us

Updates coming up

Judy made updates fun and easy

Changes and additions to the database.

Time.

Awesome presentation. Very detailed.

Nothing.

Changes to the database and also important survey dates.

Enjoyed the presentation

Cooler venue

Proposed updates based on legislation

More answers!

Not much

End on time.

All good

Handout

Excellent information

PowerPoint should be available to use during session. Hard to follow along when only highlights are mentioned without coming text if we cannot see the screen well in such a large room.

Good info and discussion on updates.

Judy is a great presenter! There are A LOT of changes!

Nothing

The updates coming

Nothing it was good

Everything that was shared was valuable! The presenters did a great job telling about their findings and giving solutions.

N/A

More detailed information regarding the data elements changes

changes always helpful although lots of unknowns

Lots of information

Vaguely answered questions, didn't seem to always have a specific answer.

Thank you Judy!
Great information.

More answers to questions. Seems like there are so many changes and we are told but when we have questions there are no answers. Maybe we should have FAMIS after the start of the school year when changes are finalized

More answers during the session.

Element updates

Was very informative

Excellent

As a new person to class size the detailed explanation was great
Decent straightforward, high-level review of process, but session
would be MUCH more valuable if presented with some real world
examples.

5. What information in this session was most useful to you?

6. What would have made this session better?

I missed this session because I was waiting for the elevator :(

Got stuck on the elevator, the only one working and missed our session
Having all three elevators working

Great refresher for student preflight which I use

Yes

Wanting to use Student data in comparison to staff data, example wanting to look at student teacher validations
5F error in pre flight...
The beginning was very fast for any new users.

Viewing various screens

Learning that there are validation and exception reports for preflight.

It was great.

Demo of DQ2 screens

Sample data to submit

Very well done, never seen dashboard

Move student to DQ2!

Was very informative from reports to going over the basics. I learned several things	To 100% agree to add a select all button for reports.
Continued information from DOE	N/A
The knowledge base in the room. Was not afraid to ask questions.	Nothing.
Very well explained Knowledge of the whole general process The information on preflight and repots	Time process on each report would be nice. Which reports run instant and which ones run over night
Very informative. She did a great job answering questions. PowerPoint was very useful with precise information and answered questions very well	Covered material very quickly
Nice refresher of the system	Make DQ2 student production live
Preflight area info	Maybe more time for this particular info alot to cover in short period of time.

Open your suggestions on updates on site.

File naming conventions

Great opportunity to ask questions and receive feedback from those who manage the process

NA

It is a great refresher or learning session for a new employee

6. What would have made this session better?

Good information

Really no new info that i did not already know about. For new comers it was a good one.

Lots of good info especially the walkthrough of the screens seen in the UI.

It went by a bit too quickly to follow.

Helpful info that's needed

Kind of jumps around and fast

Good overview

5. What information in this session was most useful to you?

6. What would have made this session better?

None

This would have been better if it focused more on reporting and assessment changes. This was more for beginners.

The slides

The ability to ask questions that could benefit everyone.

All

WEL update

It was great

The ELL journey

Arlene did a fine job covering all aspects of ELL reporting.

Clear and precise PowerPoint

Allowing questions once the session was over.

If she could answer questions when asked.

Excellent presentation, very informative

Cooler conditions

To be allowed to ask questions! I do learn a lot from the sessions, but part of what I learn is one other districts, ask questions, and I listen to the answers. To be told not to ask questions, and to email the presenter personally to get a written response does not enable all attendees to learn from the response.

The slides of coding

It much.

Too much information too fast.

Graduation code

Mic not working very hard to understand

Seals for diplomas.

Could not hear her well, would not take questions have to email them to her

Good presentation

Being able to hear questions and then answers from other districts

Title 111 funding information

N/a

It was good to be able to go over the requirements that are needed, Arlene Costello did a wonderful job

The monitoring dates

Basic ESOL info	Being allowed to ask questions
The different codes for ESOL as well as the immigration grant	A little louder/better microphone
Arlene was great in explaining in details the ELL codes, and all pertaining to ELL.	More time for questions & answers
ELL Information	N/A
Important topic	
She had a good PowerPoint with lots of information but hard to read due to the lighting in the room	It was hard to hear the presenter as the mic was not working
	Nothing
Great PowerPoint! Easy refresh of information.	Air conditioning!!!
Codes	Question/Answer session
	Presenter to answer questions because some issues districts have not encountered this would help if it does come up.
Yes	
I learned some new terms	It would of been helpful to be able to ask questions
Very entertaining presentation	Seats were tight together
	Having a better presenter
	More discussion/qa

I can't think of anything.

It was hard to hear the presenter, some slides were not up long enough to read, Questions in the session Better visuals and not just reading the slides

Helpful information

This was way to basic

More info on data errors

It was very detailed and covered the basics well and asking the districts to share from their experiences.

Diploma code and biliteracy

Q&A

Presenter was very friendly

Label it as a beginner. She read the data elements and refused to answer any questions.

Nothing

Powerpoint with element definitions

Being allowed to ask questions.

Yes

I did not know about the immigration grant

Answering questions

Immigrant information

To have the PowerPoint available.

5. What information in this session was most useful to you?

6. What would have made this session better?

Good basic overview. I've been using FLEID process for a few years and never knew there was a training website or resources
Helped me get a better understanding of FLEID

Process flow
The information regarding how the process is completed from beginning to end.

Seeing the workflow for the file.

File submission standards.

Presentation with the essentials. Since is for beginners, give all the information away.
Show the actual website/application to see the process in action. Best practice to determine is a near match is a match?
Nothing at this time.
Tables and instructions to follow along
Not enough time to ask questions.
A real example with dummy data.
More info on what FLEID is and is used for.

How to transition PII with the shared file	More time there were lots of good questions and we didn't get through the material
DOE contact info	
New process info.	N/a
Both Shawna and Qian were terrific! They were very informative with the whole audience.	Nothing
Retiring FLEIDs	N/A
Info on the FLEID process	A bit more time for questions
All of it	Nothing
All of it!	Nothing, it was excellent.
Upcoming Changes and new improved processes on DOE side	If qian spoke into the microphone
FLEID training website	
Personable peesenters.	A solution to the merge process and known issues.
The merge and name corrections process	
Great info on FLEID	Longer session
	Second speaker on occasion would comment from the side and not use the mic. As someone in the back was hard to hear at times
Terms and clearly defined	

	Specifics about how to submit changes. What could be helpful is a working session where we see the prices for submitting changes.
The overview of the entire process	
The real answers and feedback. Thank you for taking our concerns	
Very informative on all subjects .	
Great meeting Shawna & Quan!	
Pilots should be caught up	Na
The presenter knew her subject and was enthusiastic about her subject.	
Good info	
Terms if usage and process	Limit questions
	Gear this introduction session to walk through the steps more instead of the history of the FLEID
Understand process steps a bit	Great listening to Shawna .
N/A	Very knowledgeable
Very informative for a newby	Longer
All of it. Hardee County Newbie.	Learned a lot.
Very informative session...	
Terminology	
Great	Great
Shawna asking for feedback and acknowledging there is room for improvement.	

Loved hearing from other districts about how to make the process more efficient

NA

FLEID process for near matches and future updates to the process

Hold questions until last 5 minutes so presenter could get through all of the slides

Great introduction to the FLEID process.

Nothing. Great job!

The words that are used but I did not know what they really meant.

It was good. The basic information is perfect for the audience.

5. What information in this session was most useful to you?**6. What would have made this session better?**

Did not go

Great information

The session was very good. Sharing information is most helpful.

Was unable to make it

Decided not to go because the slideshow made it sound beginner

More sessions

More room 😊 LOL

Virtual viewing

Good overview, always enjoyable

Too much time spent on a one-off question that wasn't relevant to all

Helpful information about fefp

NA

Hearing the discussion to questions asked in session

Larger room, more time;

Updates

BIGGER ROOM

Shared FTE and the Claim Processes.

Great presentation

Clarifications and open question time

Follow up on Common Demographic Record and claim process

Yes

Links to websites to obtain current information.

Was perfect

Judy knows her stuff!!!

A room with a larger capacity!

The most useful reports.

Handouts

It would have been if there was enough space

Couldn't attend due to lack of seating!

Holy cow! That presentation was great!

More time, bigger room

Just is a very good speaker and knowledgeable.

Bigger room to accommodate her audience.

Links & reports that were shared.

Additional FTE

N/A

Timeline

Less people

Judy is a hoot!

Conversation

All of it. Great session.

Excellent

Lots of information

All of DOE info is helpful

N/A

All the different surveys with dates

A little more time!

Judy did a great job going over the FTE procedures. A lot to intake but extremely informative. Thank you.

All information and attachments	N/A
Recalibration info.	N/A
Well explained	
Clear presentation	Spent too much time on one district who questioned a process
List of reports in appendix R and the edits that correlates with the reports	Bigger room.
Great info	Needed more seats
Discussion regarding additional data included for ID	N/A
The FTE info was new to me	Good info
Very informative, well put together	
Amount the childten obtains from FTE	Very informative
The dates and the recalculation information.	
All useful information	No suggestions
Good overview	Need more time and better scheduling of session. Or possibly a larger room

All parts were very useful. Learned much.

Ongoing training or meetings
Sessions needed to be longer
or held in different sessions
and used a bigger room for
the location.

Great PowerPoint presentation
All information was clear

Bigger room
Nothing. Speaker stayed on
agenda even with questions
and provided information as
needed

Very informative
Explanation of when to look at reports

Need a bigger room and a
longer session....
Na

Not much new info
Helpful information

Good information

Information

Larger and Cooler room

Null fte

Bigger room to accommodate all, more time to review all information I did not understand the purpose as a "newbie" and it was not conducive to learning - discussion only

All of it. I am a Newbie.

Not sure, there was not anymore room.

A bigger room. There was a line to get in. By the time I walked in it was standing room only with a long line behind me to still get in.

Learning about the new processes that are taking place at this time
with EOC and BEST.

Trying to help districts

Vince always gives the "why" behind the info he shares

Test release dates.

Larger room.

Information on legislative changes.

Nothing.

Knowledge of the presenter

A/C that works!

Good speaker	Hit in room, too much conversation about school specific scenarios
File layout discussion	N/A
Possibility of API	
Clarifications of testing dates and results	
Very informative and Mr. Verges was thorough explaining the different formats/files with assessments.	
Q and A	N/A
It was important to share ideas for getting assessments in the same format and in a more timely manner	
Excellent	
Feedback from the various districts	Cooler room
Excellent presenter! Lots of information	
Not too many answered questions	Room was too warm
Good to have updates about this.	A/C
Yes	
Very good information and well laid out	
Great update!	
	Would like the session to be made available
Upcoming considerations for assessment changes.	

Very informative. Enhancements were thoughtfully considered based on district feedback.

Presentation available prior to session time.

This was soooo helpful, we need assessment office at every FAMIS meeting.

I would love to have assessment staff at every FAMIS session, maybe they can do two presentations, one on scoring and reporting and another on preid.

Communication concerns were shared and I realized I am not alone in that feeling. Information was helpful to know about upcoming changes	I would have preferred more concrete information, but understand it may not be available.
Finding out about the rules review meetings.	More time.
Updates to statutes and procedures.	Nothing.
	Sound - Andre needed to speak into the microphone. The information being presented was not on the screens.
Internet safety	Better audio
Good presentation	Cooler

Review of the updates

The SESIR and FES

The questions directed to Andre were not meant for him. SESIR questions became redundant and couldn't be answered by the representative as they don't truly pertain to him. Maybe explaining to the attendees how the update session was going to go could have prevented the ambush of questions.

Not enough answers. When concerns were brought up it didn't seem important. Just hey this is what it is.

Nothing additional at this time

any information Andre gives is useful and important

Opportunity to submit questions for DOE consideration
If there weren't so many people asking questions or basically complaining.

The brief overview of house bills. Feedback from audience to take back to DOE regarding district SIS data imported into new state

Safety/ threat alert program

Not sure

The proposed changes the SESIR reporting was interesting.

More information

Learning about workshops

Better speaker lighting

When Andre was given the opportunity to speak, it was valuable.

Some upcoming changes

Cliff notes version of updates

The session should be longer next year and Andre should be given the opportunity to complete his presentation before taking questions. There needs to be better management of the crowd. Too many questions asked. Not enough time to hear from the speaker. More time to address questions that come up. Links to FLDOE Rule Workshops

Great that the link to the MSIX procedures document was provided	
Important topic	Talking about a system districts have access to. Also needed a mic so people could ask questions so the people on zoom could here the questions directly instead of having Henry repeat the questions.
Learned there is a USMSIX system	Better facilitation if questions. Microphone for questions
US ED MSIX Presence and involvement	
	Getting help to fix our issues instead of being told the steps we need to do to try to figure it out ourselves.
Having access to msix staff.	If can have all chains in present to assist with quesrions.
Updates of the uploads.	Having the presenter in person
How the information is transmitted and ends up in the us msix	Ongoing monthly meetings
Great to meet US MSIX staff very impressive	Better abstract for what session is covering

Listening to good practices from DOE and other school districts.

It is difficult to prepare for all the challenges associated with audits, but we continue to improve.

Interesting because of the info shared by other districts & hearing from DOE staff what the concerns are as they work with AGs office. Hearing that we need to further enhance our network security and a plausible direction to take that process.

6. What would have made this session better?

 Just getting up to speed

Presenter was nice

Questions from Districts regarding data entry

Everything!

 The audience with the push back of the new system DOE wants for
 SESIR

New sesir system

The questions and suggestions brought up by districts

Na

Great conversation

 More focus on the satay
 portion because we can only
 handle data not the people
 putting the data

Not sure

 When implementing a new
 program or system have the
 complete break down of
 what is expected. Seemed
 like this is still a work on
 progress.

More time for discussion.

<p>Not sure if anything of valuable could be taken from the session; issues were shared but no concrete info shared to truly support "their" concerns.</p>	<p>It would have been good to have staff from SESIR area here to share the concerns rather than the DOE EAIS staff present a list of 'here is what they wanted us to tell you' & then the DOE EAIS staff is unable to respond to district concerns & realities of how things are actually functioning in districts.</p>
<p>NA</p>	<p>NA</p>
<p>It seems to me that there is a disconnect between what is being entered and how it is being retrieved by the state.</p>	<p>It seems that the people that are entering the data need to make sure that it is the correct information.</p>
<p>Updated info</p>	<p>If worked with districts you are seeing problems with</p>
<p>Knowing there is a disconnect</p>	<p>District level discrepancy data to help understand the concerns discussed</p>
<p>Yes</p>	<p>Good to know, but hard to bring info back with little detail</p>
<p>That the state is creating a new portal site maintained at the school that will house SESIR data. Learned some new information.</p>	<p>Not sure. Nothing.</p>

Survey R reporting	
Good information	Less confusion
Results of the data analysis from Survey R	None noted
New database	
Outlining the statutory requirements.	More time
New system info although it seems it would make for sense to have a couple programmers manage incoming files from the various SIS Thayer than train 100's of school Admins per district to submit to a new system.	Nothing. The Q&A was handled very well this time.
Talk about new Safety platform	More info regarding new platform, examples of screenshots More knowledge about the new system, it does not make sense, should take in an import. Why do double work.
Good discussion	
Two reporting system discussion	N/A
Knowing the changes coming with new SESIR data systems. Even if we have some issues about how and who will handle, out sourcing.	
Extra time for questions and discussion	Vague about the new application we are expected to use.
New procedure	More details

Need to have an API to integrate the district system with the state.
Cannot have multiple systems for the end users to go to to enter data. Giving polling or ways to ask questions digitally during presentation
When more than one system you will have data issues and staff does not want to enter in multiple places.
Open discussion time.

More answers for reporting discipline

This presentation has been very informative
Great information

Updates More clear directives
Shawna & Andre did a great job going over Survey R/SESSIR. I thank Andre for his patience in listening to the concerns people had and helped answered the questions. Thank you.

The attachments Clarity
Observance of missing data N/A
Provide districts with a technical assistance paper for discipline and Sesir

Good to know what is coming in the near future
Do not like the fact that tax payer money is being spent for a new system that won't solve the issues that the sesir group is concerned about.

Explaining that SESIR errors should be fixed before the next months submission

Lots of updates but somewhat confusing as what & where to enter all the SESIR data.... Now there will be 2 places data will need to be entered leaves more room for bad data to be reported as they will not enter in both programs

More clear answers
Capture the conversation - on the monitor.

Discussion

Probably a bit longer time slot for this session

NA

NA

Data collection is changing
It was very useful but confusing.

Nothing

New rules
The open dialogue with DOE

Having more answers (but I understand there are not any)
DOE have more information

Give and take of ideas
Still things not certain

More info

Open communication. The ability to show DOE where our concerns and issues are. Explaining to us why they are doing what they are doing instead of just "we found discrepancies "....

Updates	Better AC
Info on new sesir system. Why can't this data be sent from sis (Focus) like we already do Survey R?	
Discussion of process and data information	
SESIR reporting overall	No suggestions
No answers to the burning questions	More information and colaberation
	Ongoing trainings virtual
	Availability of the people from safe schools who seem to be driving the changes coming in discipline reporting.
Hearing that we are not the only ones concerned	
Updated information on sesir. Area where improvement needed was shared	Nothing
Lots of info	Everything went well

Shawna did great with presenting the information she was given.

Could we not get someone from safe schools to come present. If they're the ones who are asking for specific things they should be here to take our questions and concerns

Informative but loads still to figure out
New system

Maybe invite school admin & district safety & security departments
Na

What to expect going forward

Having answers to questions instead of general information

Changes to survey processing

Having it after the DOE figures out what the plan is

Good info

Appreciate Andre reopening this conversation after the reception during the first day's session.

Changes coming Informative	Doe needs to come more prepared to answer all questions This seemed like q & a, not informative
----------------------------	--

DJJ info	Good
----------	------

Receiving information from FDOE	Viewing the training site or seeing what would be expected by schools would be helpful to see. Participants seem to have taken over presentation - would like to know more of application rather than hear so many complaints.

Update

	This should've been before the other SESIR session to help better understand the types of perceived data issues that exist. This gave better context to the concerns the MSD group has raised.
The updates that should happen in the future	Great Job
Yes	
	I would like more specifics regarding issues, although I know this setting is not the place for that.
I appreciate knowing the data issues.	
Learning that survey 2,3, and 5 data are compared to survey R data.	Everything was fine.
	Better plan on implementing new legislation by the DOE.
New information.	
New reporting categories	
Great information and presentation!!	
Julie is knowledgeable and personable. She makes it easy to understand.	None noted
Good information	Nothing
Great updates	

Update of reporting requirements

Very informative Too much chatter in the audience

Straight forward presentation N/A

Affirmation of what I already know. But always good to hear it again.
Interesting data between DJJ/SESIR even though our district does not have DJJ

Comprehensive overview of what's changed and what is in the cards going forward. N/A

Coding updates

Good information review. I did not know Robert was a contact option.

Willingness to help districts N/A

Great

Good to see how the data is being used N/A

Very informative explaining the different SESIR codes & reporting.

Thank you

All N/A

Good info. N/A

Very helpful to see why the sesir group thinks the data is wrong

Seeing data numbers for survey R
Lots of updates, good presentation just a lot to take in

PowerPoint to follow along

N/A

Yes very helpful

Have an auditor there

Great information and input from other countries

It was great to hear from other districts and their experiences

It would help if our PowerPoint and documents could be in the app at the time of the session

Audit findings and resolutions

Great session

If all was wonderful

It was great

Good to hear recent audit areas of concentration

One speaker did not use the Mike and we could not hear well in the back

Excellent discussion among districts

Nothing

Thank you all for sharing

Great session. Love that the presenters shared their findings and ideas to fix the findings in the SIS.

Use of microphone. It was hard to hear those who did not use the mic.

All the district sharing

Specific information from 1st hand experiences

Excellent ideas and takeaways...new fields

Air conditioning

Shared audits findings by the various districts

Good as is. Keep sharing

5. What information in this session was most useful to you?**6. What would have made this session better?**

Break down if FTE funds

More time

So much! Excellent

Explaining how money is applied by FEFP

I'm new to FTE so all information was great.

Just Excellent!

Since then am not one in my district that handles this regularly it helped me get a high level picture

Nothing at this time.

NA

NA

ALL OF IT

Bigger room

She shared a lot of valuable information regarding the cost per student and how the schedules affects the schools FTE.

More time was needed.

Great session.

I appreciated the breakdown of each student's funding and how it equates to their schedule.

Training by district for this to admin and guidance.

Easy to understand information

More time

I'd give more stars if I could

Too many to list, great presentation.

More time.

Calculation methods

More time

Very informative

Cooler temperatures

All of it!

More time to ask questions

Incredible presentation! I finally think I understand! Great presenter!

All of it ~

Tying the data elements together with funding N/A

She's Fantastic!!

Excellent

The equation of how fte is calculated

The different dollar amounts for each fefp A/C working

All information N/A

FTE calculations Air conditioner

Calculations! Air conditioning

So much! Excellent! It was great.

Very detailed, great visuals. More time

The instructions on how to find things. Bigger room.

Very informative. Good info.

Having someone that does what we do and understands, presenting was very beneficial.

Broke it down really well More seats
Still stagnant from ac not working

Always a great presenter and this will be helpful to new and old

Nice presentation No suggestions

Great learning for people new to the process

Everything. I'm new to MIS. If the Ac worked!

Everything. As someone new to my position all the Information received was of value and much needed. Longer sessions!

Everything

Lots of understandable information and PowerPoint well presented
Explaining what to look for in student schedules to ensure correct FTE is being reported

Screen was low so could only see half of the screen from the back of the room when sitting

Katie did a great presentation. Really broke it down for newer fte people to understand.

More time to go through entire presentation

Awesome FTE Information for new employees to have.

Awesome!!! Lively, engaging, knowledgeable, honest!!!

Would love to get districts to invite data clerks & data admins

Calculating FTE

Na

I know all about FEFP but it was awesome to see the monetary breakdown! The presenter was knowledgeable and engaging. The information was presented in an upbeat manner.

Snacks! :)

All of the presentation was extremely informative.

I love her!

Very informative. FTE in detail.

Nothing!!! Everything was perfect. Great energy, and very

FTE charts with funding prices.

Longer session. EXCELLENT

Helpful information

Job!!!

Hands down the best session I've attended.

Information -

Cooler room

Great basic information

The presentation was comprehensive as well as concise which was very helpful. Katie's understanding of those who handle the most critical information was very insightful and encouraging.

It may have been helpful to have this scheduled in a larger room... :)

OUTSTANDING presentation of how funding is generated Everything . So helpful and well explained.

Nothing! Perfect presentation
More time

This is helpful for anyone that handles errors.
OMG I am with you, this needs to be taught to the masses!

Explaining more information.
Longer

I learned information I didn't know and it was presented in a way that was understandable.

Administration should be trained on FTE. Anyone adjusting schedules should know what effects schedule changes has on FTE.

Katie is awesome.

Learned alot

Great

The way it was explained it was great
Wonderful presentation

Seeing how students FTE is figured out in this way was an eye opener.
Anyone who touches a student schedule needs to learn this.
The information broken down regarding the calculations was very helpful.

Katie Foley did a great job!

Nothing. Great job!

Power Automate

5. What information in this session was most useful to you?

Good examples and easily understandable

I like to see how other districts are using Power Automate.

Seeing this as a very helpful tool for school districts. Great job by presenters

Relatable data

Pushing it multiple files based on share list data

How to simplify task

Excellent info

Presenter was awesome!

Very interesting information!

Great presentation

Great tips and info.

6. What would have made this session better?

Maybe have some less complex examples.

Nothing at this time other than maybe a hands on sessio.

Could the presentation be shared with attendees?

NA

More in depth on how to create the systems discussed.

More time.

Immediate application.... Best session I have attended in a while! Ideas were flowing freely as presenters gave real life examples.

Nothing

Creative uses of workflows

Better internet, more power outlets for laptops

Chocolate cake

Nope

Food was great

Let people know vegie option is available

Seasoning! And a caffeine drink!

If they served soda, but food was good.

Very good vegetarian option

Soda. Not just water

Delicious meal

If possible options for the tea sweet and no seeey

Lunch was okay.

It took a while to receive it.

Excellent

Loved the salad

Maybe have an option for vegetarians in advance to help wait staff. The waitress was trying to be helpful when she brought out a "vegetarian" meal, but it had a meat based gravy on it. When I spoke to the hospitality lead, she rudely informed me that chicken stock/based gravy is vegetarian, which it is not. Another attendee had to intervene on my behalf to explain that I needed an actual vegetarian option. I was fine with just the vegetables without gravy, but the staff member made it seem like a huge inconvenience to even make such a request.

Excellent menu and preparation!	Still need soda and/iced tea options. Filtered water
Key lime pie was amazing. Very good lunch Steak and Key Lime Pie!!! YUM!!!	

good food Servers are great! Very respectful and attentive. The food was delicious!	Maybe lunch type food instead of dinner food N/A
It wasn't pork! Food	Had an IBS flareup after so it wasn't the best. Very good
	Very good! Thankyou
Food was good	
Everything was delicious	
Great!	
Loved the steak; Thank you! Key lime pie was great too! Wow, very impressed with this delicious steak meal & the key lime pie. So delicious. Thank you.	Othing; Larry and Carlos, our waiters, were outstanding! Having cold water bottles available would have completed it. But I do appreciate the ice cold glass water at the table.
The steak Delicious	No Key lime pie N/A
Steak was grisly and gravy was weird taste. Most people at the table dis not like it. 2 didn't even eat it after a bite or two.	Better food

Anabel(our server) was amazing. She was on top of clearing the table and delivering our food in a timely matter. Key lime pie Delicious! Hotel Staff is friendly & accommodating	To be told to keep my knife and fork. Great food.
My steak was too fatty and over cooked	Fish
Foods cooked to order shouldn't be served en masse.	The steak being medium rare.
Yes Good food and service Good food.	Steak wasn't great. It was ok More food. Good selection.
Food	Better AC
Nice networking opportunity Great lunch	No suggestions Ran out of vegetarian meal Something other than water to drink.
Loved the steak! Staff was great!

	3	Na	Na
	3	Hearing what districts are doing, how they are doing it, even tho not using the same SIS; Listening to discussion led to questions that our district must answer.	To have known the presentation was targeted for FOCIS SIS districts; having a session that involves ALL the key stakeholders in the room at the same time (SIS reps, FASTER reps, MSIX & district reps). Desire is to collaboratively hear the msg & then seek to resolve the district needs/concerns

The different forms of how
the districts reconcile the
data.

Excellent presentation,
presenters very knowligable.
