

FLEID Terminology

Assignment

TIBCO Transfers	Secure SFTP File transfer process using TIBCO (from the District to the FDOE and vice versa).
Pre-Processing Edits	Validations on the records and files submitted, checking to ensure the FLEID standards are met on submission.
Assignment	The process of matching to an existing FLEID or generating a new one.
Near Matches	Records submitted for assignment that closely match existing records; however, discrepancies exist (users are required to resolve).
Merge Errors	Records submitted for assignment that strongly match to two (2) FLEID assigned records, and the system is not clear on which to match to.
Auto Merge Process	Automatic merge of records with Division of Early Learning (DEL) records due to local ID differences with District Records.

Processing

FLEID Vault	Secure database that stores the assigned FLEIDs for annual student enrollment information.
Contributors	Sources that are tied to an FLEID. This can include educational sources, colleges or districts.
Consensus	Before changes can be applied to records with multiple contributors, all impacted sources must review, confirm and agree
Golden/Best Record	Record includes information from all contributors of an FLEID.
PII	Data that can be used to identify a specific individual, either directly or indirectly.
LEA	Local entity involved in education including but not limited to school districts, county offices of education, etc.

Data Quality

Corrections	Occurs when a district college or source submits a record and identifies an error in the FLEID vault.
Legal Changes	Occurs when legal changes are received. Examples include adoption, marriage, etc.
Verifications	Occurs when reviewing FLEID data quality. Examples include source data to vault comparisons.
Retirement	Occurs when FLEIDs are created in error or records have been found with substantial issues and must be subsequently removed.
Splits	Occurs when two individuals have been assigned one FLEID and after review by the LEA are deemed different people.
Merges	Occurs when one individual's records have been assigned multiple FLEIDs and after review by the LEA are deemed the same.
